(Ten story, steel frame addition to existing five story steel frame museum)

**BUDGET** \$290,000,000

**ADDRESS** 151 Third Street, San Francisco, CA 94103

**STATUS** Construction complete 3Q2015; Open to the public 2016

**DESCRIPTION** Since 2009, D. R. Young Associates (in association with T. J. Reagan, Inc.) has been leading the expansion of the San Francisco Museum of Modern Art - already San Francisco's largest and most well known art museum. SFMOMA already boasts significant holdings of modern and contemporary art but with the acquisition of the world renown Doris and Donald Fisher Collection of Contemporary Art, SFMOMA will become the second largest modern and contemporary art museum in the United States and third largest in the world. Throughout this effort, D. R. Young Associates has managed the development from architectural selection, through entitlement, design and construction. This project construction was completed in 2015, and opened to the public in 2016.
